

WCDP 2025

Nov. 2025, Sharm El Sheikh, Egypt

Wasser lieben – Leben retten

DLRG

Digitalizing a Lifesaving Federation

All about Apps and Systems

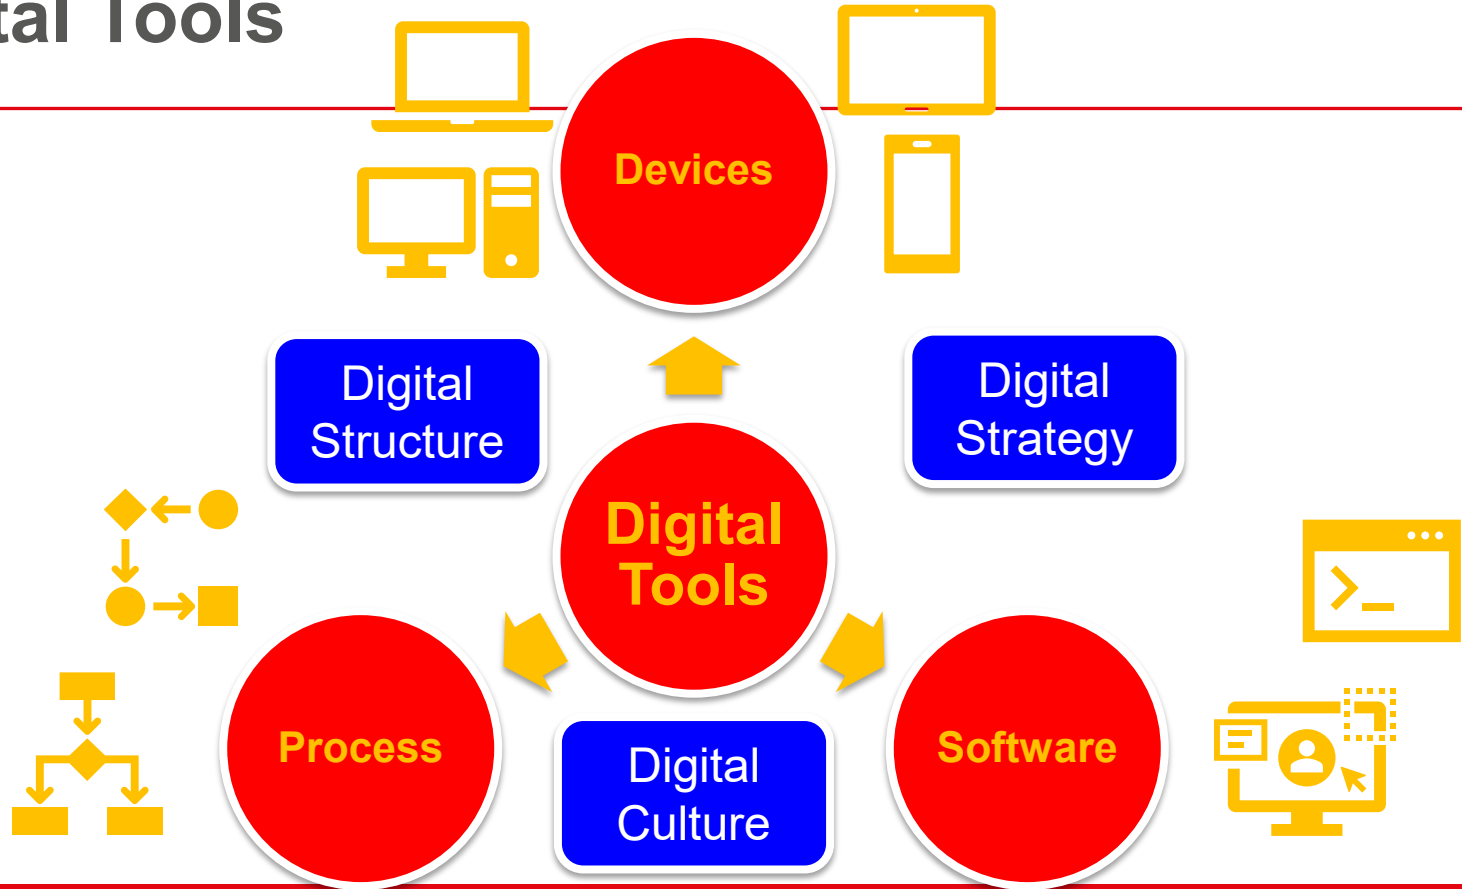

Dirk BISSINGER, PhD
Vice President, DLRG
President, ILS Europe

**WORLD CONFERENCE ON
DROWNING PREVENTION**

Digital Tools

DLRG Website (dlrg.de)

- internal (members) and external focus (non-members, supporters)
- Repository for basic information and actual news on national and sub-national level
- Representation and integration of all 2,000 local clubs (unified online presence)
- Technology: Cloud-based storage

ISC – Internet Service Center

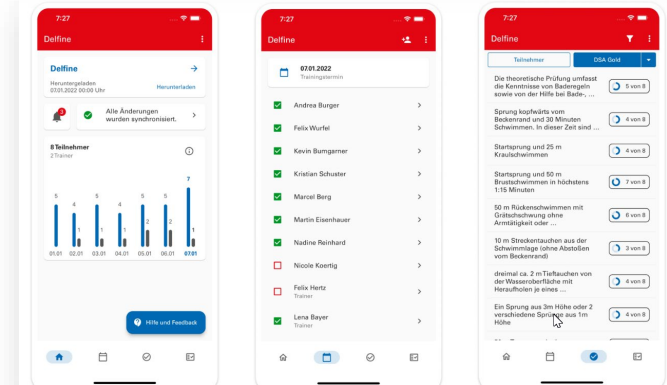

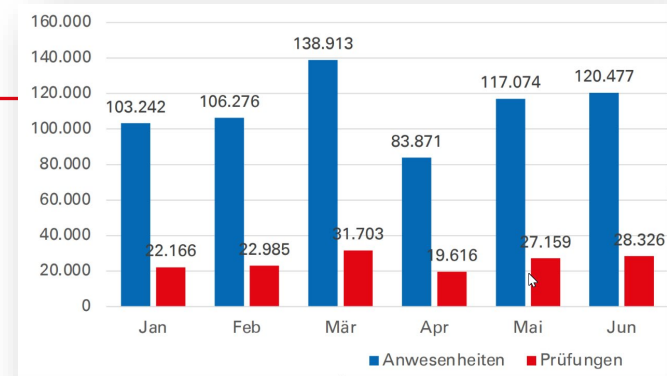

- Central online repository
 - Information: documents, videos, graphics, statistics, media, ...
 - News and chat
 - Apps (seminars, online tests, training, rescue reports)
- Special:
 - e-mail server (dlrg.de)
 - DLRG Cloud
- Managed and administrated by voluntary group of experts on national level (approx. 40 people)
 - Approx. 30,000 users nationwide

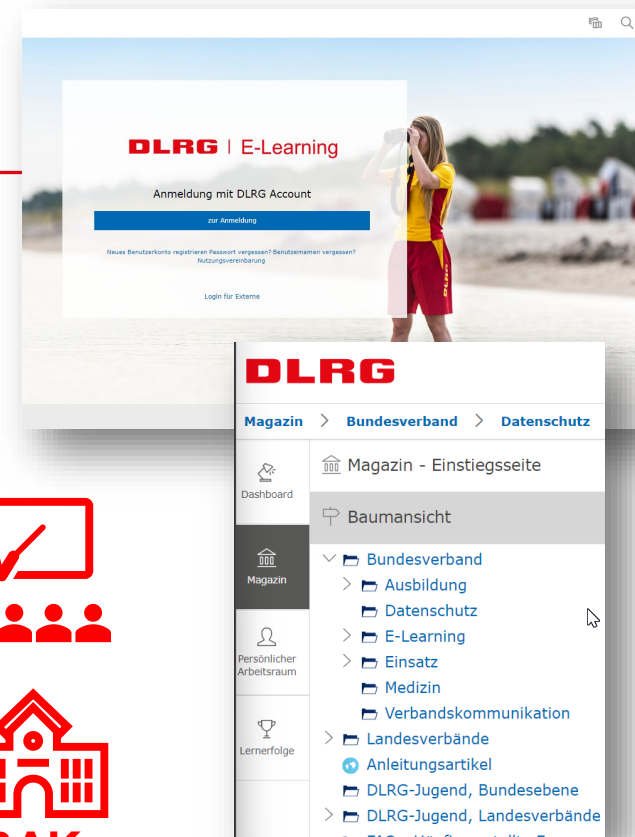

dlrg.net

Example: Trainer App

- Purpose: manage (frequent) trainings and connected data management (participation, exams, records etc.)
- Usable on different devices
- KPI:
 - 1,300+ local clubs registered nationwide
 - 4,700+ active users (trainers)
 - 1M+ registered presences (Oct. 2025)
 - 250K+ registered exams (Oct. 2025)

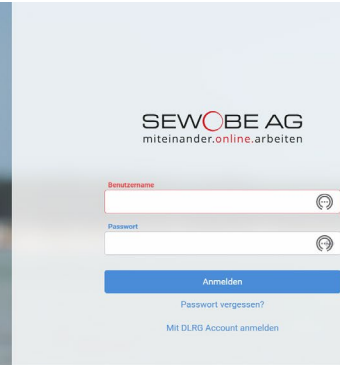

- Digital space for e-learning
- Open-Source Software, used by universities and many other NGO
- Hosted by external company
- National voluntary team to provide training and basic support
- Users can create content and courses

DLRG Manager

- Organization Management:
 - Members management
 - Finance management
 - Additional features: Qualification, Honors, Statistics
- Hosted by an external Company
- Adopted to specific DLRG requirements
